

On a desert island...

Imagine that you are stranded on a desert island, and need some things to do to keep you entertained. Think about books, films and music you really like, and which you think you can watch, read and listen to over and over again without getting bored!

You can choose just one film...

...one book...

...and one song!

Take it in turns to tell each other:

- Why you've chosen each one
- When you first came across each one
- Whether you have a favourite part - for example, a favourite character, or a favourite line from a song
